

Special Olympics
Georgia

Attention Summer Games HOD's:

We are looking forward to seeing you at the Summer Games at Emory University on May 20-22, 2016. Effective at the 2016 State Summer Games, Special Olympics Georgia will not be serving dinner on Saturday, May 21st. This decision was made due to a downward attendance trend for that particular dinner meal over the last several years. It continues to appear that there is not a high interest/need for the Saturday night dinner and we have been told that many delegations go out to dinner, order pizzas or that the day only athletes/coaches depart before the dinner hour and therefore do not participate.

If you have any questions concerning this, please contact the SOGA Sports & Program Manager responsible for your Area.
