Special Olympics Georgia
6046 Financial Drive
Norcross, GA 30071

Attention: The Board of Directors of Special Olympics Georgia

On behalf of the Georgia Department of Education (GaDOE), it is an honor and privilege to convey the Department's continued support of Special Olympics Georgia. As a result of this hard work, many citizens have improved their quality of living and opportunities for physical and social development through these recreational experiences. The partnership's momentum has increased overtime and should continue to expand with expectations and outcomes.

Through these unified sports, the Special Olympics Georgia has been able to increase school performance, which will benefit the lives of these young athletes for many years to come. GaDOE commends your passion and commitment to better prepare students for Special Olympic events and other public athletic programs offered in local communities.

Thank you for your investment in Georgia's future.

Sincerely,

Richard Woods,
State School Superintendent
